1.0. PREAMBLE

1.1. Introduction

The Art syllabus, forms 1-4 is designed to equip learners with the opportunity to develop creative self-expression, critical thinking and problem solving applicable to every human endeavour. The syllabus fosters creativity, imagination, sensory perception, innovation, conceptual thinking and powers of observation. The syllabus develops artistic skills and provides form and meaning to the ideas, thoughts and feelings of learners by widening cultural horizons while encouraging enterprise.

1.2. Rationale

The knowledge and practice of Art is fundamental to the holistic development of learners. It is one of the most effective forms of communication which contributes to economic, religious, political, social and cultural development of the learner. Therefore, Art education provides an opportunity for learners to explore and express their feelings, stimulate creative imagination and develop competencies essential for nation building, employment creation, enterprise, problem solving, critical thinking, design thinking and self-discipline. Acquiring the tools and knowledge to create is essential to developing lifelong skills that inculcate individual historical and cultural identity, values and attitudes. Art embraces inclusivity as learners are encouraged to appreciate their uniqueness and that of their Art products.

1.3. Summary of Content

The content of the Art syllabus details the knowledge, understanding and competencies that learners are expected to develop throughout the course of study in the following areas; History of Art and Cultural Dynamics, Creative Processes and Art making, Aesthetic Awareness and Appreciation, Art and Technology as well as The Business of Art. This enables learners to be exposed to a wide diversity of Art programmes which develop originality, confidence, self-identity, ability to communicate, identification of talents, and excellence.

1.4. Assumptions

The syllabus assumes that learners have gone through infant and junior education and have practical abilities to:

- observe and record visual elements of Art
- conceptualise and communicate artistic ideas
- explore the foundational elements and principles of design
- apply principles of design
- manipulate available resources in the environment
- solve practical spatial problems
- appreciate aesthetic values in artworks
- appreciate history of Art in Zimbabwe

1.5. Cross Cutting Themes

The Art learning area will encompass the following cross cutting themes:

- Children’s rights and responsibilities
- Disaster risk management
- Financial literacy
- Sexuality, HIV and AIDS
- Child protection
- Heritage studies
- Human Rights
- Gender
- Collaboration
- Environmental issues
- Enterprise Skill
- ICTs
- Intellectual property rights / ownership

2.0. PRESENTATION OF SYLLABUS

The syllabus is presented as a single document catering for Form 1 – 4 Secondary Level.

3.0. AIMS

The syllabus aims to enable learners to:

3.1 develop a range of competencies, knowledge and understanding in Art, embracing historical, cultural, aesthetic, creative, interpretative, and analytical aspects of the learning area.

3.2 foster an understanding of Art, thereby promoting and stimulating work ethics, self-discipline, Unhu/Ubuntu, critical thinking, sensory responses, socio-cultural and environmental awareness.

3.3 develop appreciation of the role of Art in a wider culture and society.

3.4 develop learners’ creative expression, skills
and competencies in various media and Art forms using appropriate tools.

3.5 provide opportunities for learners to be aware that Art is a process, product and a form of employment.

3.6 develop skills in the process of critique.

3.7 establish competencies in Art technology systems.

3.8 cultivate capacity to set up and run a business in the art industry

4.0. OBJECTIVES OF THE SYLLABUS

By the end of the course, learners should be able to:

4.1 appreciate the value of art as a historical, socio-economic, political and cultural reflection of indigenous identity, nation building and national pride.

4.2 recognize societies’ socio-political, cultural, religious and historical influences on Art.

4.3 understand the relationship between self and others through Art.

4.4 use art vocabulary to evaluate works of Art.

4.5 acquire management skills in arts enterprise.

4.6 develop competencies in art technology.

4.7 develop the skills to create pieces of artworks using available resources.

4.8 demonstrate an ability to work independently and collaboratively in research and art production.

4.9 develop competencies and creative skills in problem solving, critical thinking, communication and time management that contribute to lifelong learning through Art.

4.10 appreciate the relationship between Art and other fields of knowledge.

4.11 appreciate the aesthetic and therapeutic value of art.

5.0. METHODOLOGY AND TIME ALLOCATION

In this syllabus, some of the learner centered and multi-sensory methods and approaches that can be used to learn Art at Form 1 – 4 Secondary Level are suggested below. Principles of individualization, unification and stimulation should enhance implementation of these methods.

5.1. Methodology

• Demonstration
• Discussion
• Group work
• Field work
• Case study
• Research
• Apprenticeship
• Survey
• Observation
• Lecture method
• Exhibitions and Gallery visits
• Educational tours
• Critique sessions
• Peer learning
• Experimentation
• Games
• Integrated learning
• Resource method
• Problem solving
• Interactive Workshops

5.3. Time Allocation

In order to cover the content adequately, Form 1 to 4 Art should be allocated 8 forty minute lessons per week. N.B It must be noted that this learning area requires schools to set aside time for Festivals, Competitions and Exhibitions. Learners are expected to submit an Art portfolio containing records of the coursework covered each academic year
