## 1.0 PREAMBLE

### 1.1 Introduction

The Business Enterprise skills syllabus is a two – year learning area covering Forms 5 – 6. The syllabus intends to develop in learners problem solving, resource management, decision making, enterprise, leadership and technological skills in an indigenised economy. This syllabus will enable learners to more readily adapt to the dynamic environment, through the use of their learned skills, competencies and knowledge, thus promoting internationally competitive businesses.

### 1.2 Rationale

The study of Business Enterprise Skills equips learners of diverse needs with practical enterprise skills and business related competencies that promote sustainable use of resources, employment creation, value addition and beneficiation. This will enable them to operate successful enterprises in the changing global, socio – economic, cultural, political, ecological, legal and technological environment. It promotes self-reliance for the enhancement of economic growth through the ownership/access and utilisation of means of production.

The Business Enterprise skills syllabus enables learners to develop skills such as:

- Leadership
- Critical thinking
- Creativity and innovation
- Value addition and beneficiation
- Communication
- Decision making
- Team building
- Problem solving
- Self-management

### 1.3 Summary of Content

This syllabus intends to provide a theoretical and practical knowledge base for learners, with diverse needs, in Business Enterprise Skills in areas such as the enterprising environment, business formulation and growth, business planning, operations management, enterprise finance and accounting and people in business enterprises.

### 1.4 Assumptions

It is assumed that learners:

- have a desire to run their own enterprises
- desire to contribute meaningfully to community and the nation at large
- have access to some means of production
- are constantly participating in and interacting with business enterprise activities
- are aware of the prevailing business environment
- Interact with Information Communication Technologies (ICTs).

### 1.5 Cross - cutting themes

The teaching and learning of Business Enterprise Skills will encompass the following cross cutting themes:

- Information Communication Technologies (ICTs)
- Environmental issues
- Collaboration
- Disaster risk management
- Financial literacy
- Heritage
- Unhu/Uubuntu/Vumunhu

## 2.0 PRESENTATION OF SYLLABUS

The syllabus is presented as a single document catering for Forms 5 – 6.

## 3.0 AIMS

The syllabus enables learners to:

- develop an appreciation of the environment within which business enterprise activities take place
- develop knowledge and understanding of business enterprise concepts and activities
- encourage learners to consider new venture creation and self-employment
- develop knowledge and understanding of stakeholders within and outside business and consider ways in which they are able to influence business objectives
- acquire lifelong skills, personal development and self-efficacy, allowing them to contribute to local and national economic development

## 4.0 SYLLABUS OBJECTIVES

By the end of two years of secondary education, learners should be able to:

- analyse the environment in which business enterprise activities take place
- demonstrate knowledge and understanding of facts, terms, concepts, functions of the business enterprise skills
- demonstrate business culture and ethics in enterprise
- apply knowledge and skills to make accurate decisions in business situations
- apply ICTs in business activities
- communicate business information in a coherent and logical manner
- apply skills of numeracy, literacy, inquiry and use relevant sources of information to present and interpret business data

## 5.0 METHODOLOGY AND TIME ALLOCATION

### 5.1 Methodology

The syllabus encourages learner-centred methods and approaches.

The need to impart enterprise skills, to promote sustainable use of resources, employment creation, value addition and beneficiation, should influence the choice of teaching and learning methods in Business Enterprise Skills.

The following methods are suggested.

- Presentations
- Debates
- Case studies
- Group work
- Research
- Problem solving
- Demonstrations
- Educational tours
- School on the shop floor
- Guided discovery
- Seminars
- Project work
- Shadowing

### 5.1.2 Time Allocation

To enable adequate coverage of the content, Form 5 to 6 Business Enterprise Skills should be allocated at least 8 forty minute lessons per week.

Learners should participate in at least one educational tour per year and one seminar per term.

Learners/group of learners should undertake at least one enterprise project on continuous assessment at A-level.

## 6.0 TOPICS

The syllabus topics are as follows:
